### Jota dels Bufats

La *Jota dels Bufats* és una composició d'Eduard Casals i Ramis per a dues gralles dolces, gralla baixa i tabal, que agafa el nom del deliciosos dolços vendrellencs fets amb avellanes, sucre i clara d'ou.

És una jota organitzada en quatre frases. La primera (A) s'inicia amb dues gralles dolces i està formada per dos segments melòdics que tenen l'aire típic del ball ornamentat amb tresets i arpegi de transició. Aquesta frase es repeteix una segona vegada (A'), tot incorporant la gralla baixa i incloent algunes mudances musicals.

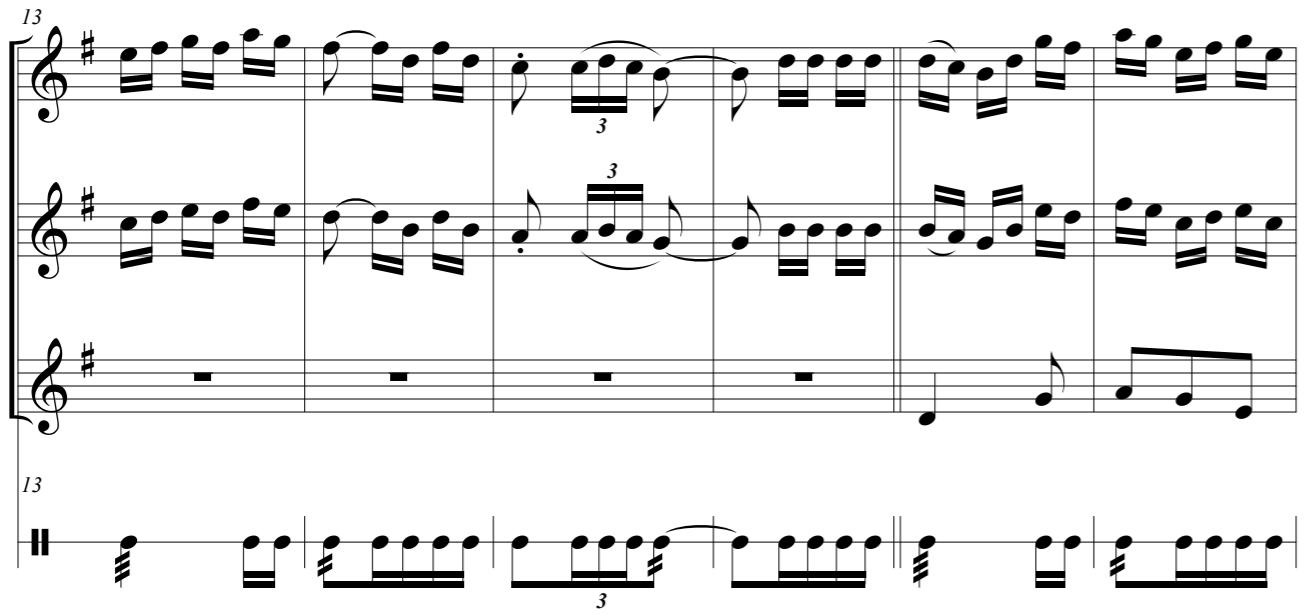

Segueix una segona frase més curta, també amb dos segments, el segon dels quals (B') repeteix el primer (B) en un to inferior, i dona pas a la tercera frase, en la qual el primer segment (C) és per a dues gralles dolces i el segon (C') per a gralla dolça i gralla baixa, i prepara l'entrada de la darrera frase.

La quarta i darrera frase (D) manté dos segments melòdics, i inicia el primer amb uns petits diàlegs entre les dues gralles dolces i la gralla baixa, que van pujant de to i conclouen amb un arpegi i una escala de Sol major allargada que porta al segon segment. Aquest (D'), reprèn el diàleg entre veus del primer, i finalitza amb el segon segment de la tercera part (C'), aquesta vegada a tres veus, que porta a l'inici de la jota representant la primera frase (A), que repeteix (A') i que conclou amb una coda picada.
